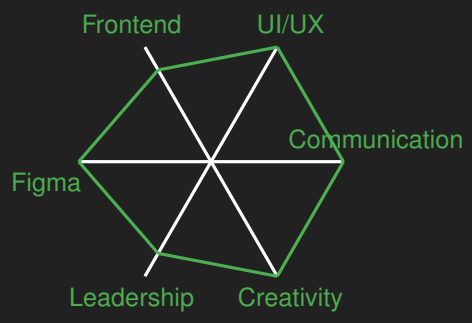
Core Strength



Languages

English/Hindi

Punjabi/Telugu

Education

- **B.Tech in CSE** (8.5)
  VMTW
  2022–2026

- **Intermediate** (8.8)
  Narayana Jr College
  2020–2022

Experience

Team Lead – DRDL Drone Simulation Project
2025
Internship Project

Led UI/UX conceptualization and wireframing for drone telemetry dashboards. Designed high-fidelity mockups to simplify complex real-time data visualization. Coordinated team workflows, aligning design requirements with technical execution.

Design Volunteer & Event Anchor
2024
INSPIRE 2K24

Developed cohesive visual identity through posters, banners, and digital assets. Managed live audience engagement and stage coordination as official event anchor.
Collaborated with cross-functional teams to maintain consistent event branding.

Projects

Photo Booth – Interactive Web Experience
GitHub: github.com/jiya17batra/Photo-Booth

Engineered a responsive digital photo booth interface featuring fluid GSAP animations and user-centric navigation.

Portfolio – Files of a Designer
GitHub: github.com/jiya17batra/Files-of-a-Designer

Designed and curated a personal portfolio site focused on information architecture and micro-interactions.

Ice Cream Platte – UI Concept Website
GitHub: github.com/jiya17batra/ice-cream-palette

Created a visually-driven UI concept exploring pastel color theory and modern web typography.
